

PAINTBALL RULES

Masks must be worn at ALL times, unless in the staging area.

Barrel plugs/barrel bags must be on when you are not playing or in the staging area.

If you have any problems, seek out a Ref for assistance.

Paint check is when the ref checks a player to see if the ball broke or not. (You can call for a paint check on yourself or someone else on the field)

Screaming hit or out, means you are out, no matter what.

When a player is hit, put the barrel plug/barrel bag back into the end of the barrel. Walk off the field with the marker up in the air and your MASK ON. Never come into the staging area without your barrel plug/barrel bag on your marker. If you lose a barrel plug/barrel bag, you must come back to the pro shop to purchase one.

Players that are renting paintball equipment: Do not stick paintballs off the ground into the hopper (Hoppers hold the paintballs). These paintballs will jam up the markers and will break paint all in the marker. The games will not be stopped for your dismissal.

All Paintballs must be (Field Paint Only) (Only paint purchased at our Field can be used at our facility)

No arguing with the Refs. They have final say.

All players need to be at least 9 years old to play at Graffiti Paintball (Please call for younger players)

All markers need to be SEMI AUTO and under 300fps. Refs will help players check their speed on their markers.

No metal cleats are allowed on the Inflatable Speed ball field.

No running into, jumping on, jumping over or leaning too hard on the air bunkers. You will be called out.

Keep the profanity down and please do not cheat.

No alcohol allowed.

No fighting.

If you steal anything from any other players or from Graffiti Paintball, you will not be allowed back - EVER.

Never play a game without a ref to supervise the game.

Refs are here to provide safety to all players including themselves. Graffiti Paintball takes pride in their facility and is very happy to have you play here, but we will not tolerate any one that is trying to put others in danger or not being able to follow the rules.

Trespassers on Graffiti Paintball property outside normal business hours will be prosecuted.

By signing the waiver, you agree with the rules that Graffiti Paintball has given. Failure to follow these rules might result in being asked to leave without refund.
